4, Tunde Ajaga Street off Tokunbo street. Sabo, Yaba. Lagos State. Nigeria

## **PROFILE**

A skilled and experienced [Software Engineer & DevOps](#) with over a [decade](#) of extensive hands-on experience in [Software development](#). After completing my Higher National Diploma(HND) in Computer Science, I have successfully managed and co-developed a Virtual Account And Payment System(VAAPS) that helps merchants with payment collection, remittance and management. Advance Bank: a payment, budget, accounts and loan application that is meant to aggregate users' accounts, budgets and spending. TagBet (a peer-2peer betting mobile application), a robust recruitment portal deployed for SUBEB, TESCO, Civil Service Commission, etc.

I am a team leader, team player, and excellent communicator. I have great interpersonal skills with a remarkable ability to work independently under pressure
